

First Response Emergency Care

Level 3 Award in First Response Emergency Care

Course Description

Over a 5 day period, learners will gain the knowledge, skills and competencies needed to deal with a range of prehospital care emergencies, such as: managing a patient's airways, catastrophic bleeding, management of fractures, medical emergencies and more.

Who should attend?

This regulated and nationally recognised prehospital care qualification is ideal for those seeking a career in the emergency services, ambulance service, the event and security medical sector or those who work in high risk workplaces.
